Persian Fire The First World

In "Persian Fire", author Tom Holland recounts the conflict between the great empire of Persia and the Greek world that a great many would argue changed world history and could have altered world history in ways we couldn't even imagine had the Persians prevailed.

Persian Fire: The First World Empire and the Battle for ...

In 480 B.C., Xerxes, the King of Persia, led an invasion of mainland Greece. Its success should have been a formality. For seventy years, victory—rapid, spectacular victory—had seemed the birthright of the Persian Empire. In the space of a single generation, they had swept across the Near East, shattering ancient kingdoms, storming famous cities, putting together an empire.

In his new book, "Persian Fire: The First World Empire and the Battle for the West", Tom Holland performed something of a miracle. Working with the limited original documents that still exist, and extracting material from contemporaries of the events, Holland gives us a very clear picture of the events leading up to and including the clash between the Greeks and Persians.

Persian Fire: The First World Empire and... book by Tom ...

Persian Fire: The First World Empire and the Battle for the West. Tom Holland. In the fifth century B.C., a global superpower was determined to bring truth and order to what it regarded as two terrorist states. The superpower was Persia, incomparably rich in ambition, gold, and men. The terrorist states were Athens and Sparta, eccentric cities in a poor and mountainous backwater: Greece.
