EU21 Policy-Making in the European Union

The traditional methods for producing collective European Union (EU) policies, typified by the extensive analysis of a problem, extended phases of consultation with stakeholders, the deliberate cultivation of support for proposals, occasional decision-making moments and their long-term implementation, now share space with what is best described as crisis-oriented methods for arriving at collective decisions.

The Crisisfication of Policy-making In the European Union ...

Module 2: Understanding EU Policy Making. EU policy-making can be a complicated process. The aim of this module is to break down the different elements of the policy cycle so that the process becomes clear and straightforward. This model begins by looking at the move from the former 'pillar structure' of the EU to the new structure after the Lisbon Treaty.

Policy-making is generally defined as the formulation of ideas or plans that are used by an organisation or government as the basis for making decisions. In the case of the European Union, this is a particularly complex process which is closely linked to the limits of the Union's competences as set out in the treaties that underpin EU law.
