Vampires Burial And Death Folklore

The book follows a very logical and reasonable course, starting with the vampires and vampire scares of the 18th Century, and earlier. Then moving onto the subject of burial, how people are buried, why, where, so on. Then it moves onto death, what happens to the bodies after death, why and when it happens.

Unlike screen Draculas, folklore vampires are usually ruddy, bloated, lightly bearded peasants. To keep a vampire from leaving his grave, try mutilating the corpse, filling the burial site with food or knots (vampires can spend centuries happily untying knots), burying the corpse face-down (the vampire will chew his way to the center of the earth), etc.
